Built on Expertise since 1991

Özka Tyres, which has been established in 1991, determined its vision as being the leader brand in Turkish market, and as a reputable brand in the global market.

A World Brand

Özka Tyres, which works with more than 400 contracted dealers in Turkey, is on the way to become a world brand providing its high-quality products to more than 80 countries around the World.

Wide Product Range

Özka Tyres provides a wide range of Tractor Front-Rear, Trailer, Harvester, Yard/Field, Caterpillar, Forklift, Panzer, Pick up/Minibus, Radial Tractor and Radial Flotation tyre groups all around the world in order to satisfy all needs related to agricultural and industrial tyre sector.

R&D Center and Quality Management

Özka Tyres produces its products with its expertise as a result of innovative works of R&D Team with 30-engineer team. It internalises Total Quality Managements and practises; ISO 9001, ISO 14001, ISO 45001 and ISO 27001. Thus, it provides product quality, and product safety from raw material procurement to post-shipment controls.

Customer Satisfaction as a Key Principle

Özka Tyres, with its strong, reliable and durable tyres appropriate with national and international standards (TSE, ETRTO, ECE), considers customer satisfaction before and after sales as the fundamental principle. With its Technical Services Team, it responds to proposals, solves complaints and meets requests of customers all around the world in a short time.

Human Resources Power

Özka Tyres, which has about 1200 employees, considers human resources as the basis of sustainable growth, and keeps its investments for further improvements. It plans, and practices the attending of its employees to domestic and abroad events; such as expos, workshops and trainings in order to follow the sectoral developments and innovations.
